Once Application has been Reviewed & Accepted into the Program

After application review and approval, the homeowner will be notified by email of acceptance into the grant program. The email will include a link to schedule an appointment for an onsite visit with NORLIC's project manager to develop a work plan and take a photograph.

On the day of the onsite visit, the homeowner will receive a work plan with a list of municipality approved contractors. Homeowners must provide the work plan to contractors when obtaining two quotes. Estimates will be provided to NORLIC for review and final approval.

The grant awarded by NORLIC will align with the provided work plan and not exceed the maximum allowed per grant guidelines (See Application). NORLIC will prioritize the lowest bid in an effort to provide as many grants as possible. If the homeowner chooses to use a contractor with a higher bid, they will be responsible for all expenses over the amount granted by NORLIC.

The homeowner will receive a final Grant Agreement that will need to be signed, notarized and returned **prior** to starting the work. **Any work completed prior to receiving the grant agreement cannot be reimbursed.**

Once the Grant Agreement is finalized, work on the project may commence.

The homeowner/contractor is responsible to obtain all building permits as required by the municipality. Not all projects will require a permit. Your and/or your contractor will be responsible to check with the municipality.

Once Project is Complete

The Homeowner is responsible for contacting the municipality Code Enforcement Department to obtain a Certificate of Completion, which must be submitted with your reimbursement request.

Reimbursement Documents Required

Copy of Paid Contractor Invoice

Proof of Payment: Cancelled Check/Credit Card Statement (**No Cash Payments Accepted**)

Certificate of Completion from Municipality.

FINAL PAYMENT ISSUED

Once all documents are received for reimbursement and reviewed by NORLIC, an appointment will be made for an onsite visit to take a completed project photograph and issue payment.

Requests for reimbursement must be received no later than Monday, November 2, 2026.
